Red Tomato Varieties Plant & Fruit Descriptions

		Disease Resistant	Approx. Days to Maturity	Determinate/Indeterminate	Container	Hybrid / Heirloom
Ball's Beefsteak  Tomato Grower Seeds	<p><i>Beefsteak</i> - This is a great choice for gardeners who want to grow luscious big tomatoes but need them to mature early and stand up to the challenges of disease problems. These 8 to 12 oz. globe-shaped fruit grow on highly disease-resistant plants, having no cracking, and offer great, old-fashioned flavor. Wonderful as a sandwich tomato.</p> <p>Plants need to be staked or caged.</p>	Highly Disease Resistant - VFFT	76 Day - Mid Season	Indeterminate		Hybrid
Better Boy  Burpee	<p><i>Beefsteak</i> - Old time favorite. Tasty, red tomatoes, many weighing up to 1 lb. each. Delicious, bright red, high yielding fruits, starting in midseason and continuing to frost. Good foliage protection prevents fruit from sunscald.</p> <p>Thrives in most climates. Plants need to be staked or caged.</p>	Disease Resistant	72 Days- Mid Season	Indeterminate		Hybrid
Bloody Butcher  Burpee	<p><i>Slicing</i> - Sensational general use fruits with a rich heirloom flavor and a dark deep red color, inside and out. If it's hard for you to wait for ordinary tomatoes to ripen, try these. In less than 8 weeks, they're ready to enjoy. Plants will yield five to nine 3-4 oz. fruits per cluster.</p> <p>Plants require staking and will produce until frost.</p>		55 Days - Early Season	Indeterminate		Heirloom
Boxcar Willie  Tomato Grower Seeds	<p><i>Beefsteak</i> - What this variety offers is a very heavy crop of good-sized, smooth red tomatoes with delicious flavor, ranging from 6 to 10 ounces. Because of their abundance and medium to large size, they could well be a mainstay of your crop, providing excellent tasting fruit for a variety of uses including canning, sauce and salads, throughout a long season.</p> <p>Plants need to be staked or caged.</p>	Disease Resistant	80 Days - Mid Season	Indeterminate		Heirloom

<p>Clint Eastwood's Rowdy Red</p>  <p>Tomato Grower Seeds</p>	<p><i>Beefsteak</i> - Big tomato flavor wrapped up in a 6 to 10 ounces, medium-sized round, red tomato is what this variety is all about. Tall, vigorous plants grow very plentiful harvests of these versatile and attractive fruits with an assertive yet delicious taste. Even beginning gardeners will find this one easy to grow.</p> <p>Plants need to be staked or caged.</p>	Disease Resistant	78 Days - Mid Season	Indeterminate		Open Pollinated
<p>Crimson Carmello</p>  <p>Renee's Garden Seeds</p>	<p><i>Slicing</i> - Bred in France especially for fresh eating. These plump 4 to 5 inch tomatoes will satisfy all your tomato fantasies. The round red juicy fruits have the perfect sweet to acid balance that translates to exquisite taste. Savor their sun warmed sweet flesh sliced fresh from the garden, in salads, pastas or wherever you crave rich tomato flavor.</p> <p>Plants need to be staked or caged.</p>	Fusarium, Verticillium, Nematode and TMV resistant	70 Days - Early Season	Indeterminate		Hybrid
<p>EARLY GIRL</p>  <p>Tomato Grower Seeds</p>	<p><i>Slicing</i> - Comes in first as an early spring slicing tomato and a gardeners' favorite. Dependable large harvests all season long of flavorful, solid 4 to 6 oz. fruit. Disease resistance is good. A proven variety for delicious, early tomatoes.</p> <p>Excellent performance in almost any climate.</p> <p>Plants need to be staked or caged.</p>	Highly Disease Resistant - VFF	52 Days - Early Season	Indeterminate		Hybrid
<p>RUTGERS 250</p>  <p>Rohrer Seeds</p>	<p><i>Slicing</i> - An improved version of the classic Rutgers tomato which is what most people think of as the Jersey tomato. Fruit has good red color, fine flavor; large, globular, slightly flattened fruits weigh 6 1/2 to 7 1/2 ounces. This new variety has a firmer skin and acid and sugar balance reminiscent of the original Rutgers tomato.</p> <p>Plants need to be staked or caged.</p>	Highly Disease Resistant	74 Days - Mid Season	Determinate	Yes	Hybrid
<p>Unusual Colors – Tomato Varieties</p> <p>Plant & Fruit Descriptions</p>		<i>Disease Resistant</i>	<i>Approx. Days to Maturity</i>	<i>Determinate/Indeterminate</i>	<i>Container</i>	<i>Hybrid / Heirloom</i>
<p>BLACK BEAUTY</p>  <p>Wild Boar Farm Seeds</p>	<p><i>Slicing</i> - World's Darkest Tomato- A dark, meaty, very rich-fleshed tomato with extreme anthocyanin expression (same antioxidant in blueberries and blackberries). So dark that some tomatoes turn solid blue-black on the skin. Deep red flesh is among the best tasting of all tomatoes. Rich, smooth and savory with earthy tones. Hangs well on the vine and stores very well, and the flavor improves with room-temperature storage. Plants need to be staked or caged.</p>		80 Days - Mid Season	Indeterminate		Hybrid

<p>BLACK KRIM</p>  <p>Rare Seeds</p>	<p><i>Beefsteak</i> - Russian Heirloom. Black Krim combines bold, smoky flavor and good texture with an unusual appearance. Deep brown/red, 8-16 oz. tomatoes have brown/green shoulders that get darker with more heat and sunlight. High yielding.</p> <p>Plants need to be staked or caged.</p>		80 Days - Mid Season	Indeterminate		Open Pollinated
<p>CHEROKEE PURPLE</p>  <p>Johnny Seeds</p>	<p><i>Beefsteak</i> - Unusual variety with full flavor. Famously rich flavor and texture make this a colorful favorite among heirloom enthusiasts. Medium-large, flattened globe, 8-12 oz. fruits. Color is dusky pink with dark shoulders. Multilocular interior ranges from purple to brown to green. Relatively short vines.</p> <p>Plants need to be staked or caged.</p>		72 Days - Mid Season	Indeterminate	Yes	Heirloom
<p>CHOCOLATE STRIPES</p>  <p>David's Garden Seeds</p>	<p><i>Slicing</i> - A beautiful true show stopper, Chocolate Stripes Tomatoes feature mahogany colored flesh with olive green striping. Complex, rich, earthy flavors reward the gardener with plants that yield a plentiful crop of 3" to 6" fruit.</p> <p>An excellent choice for salads and sandwiches, this one just might become your favorite! Plants need to be staked or caged.</p>		80 Days - Mid Season	Indeterminate		Open Pollinated
<p>GREEN ZEBRA</p>  <p>David's Garden Seeds</p>	<p><i>Slicing</i> - Uniquely green with gold-striped salad specialty. A delicious, tangy salad tomato, ripe just as the green fruit develops a yellow blush, accentuating the darker green stripes. The 3 to 4 ounce fruits are the ideal size for slicing into wedges for salads. Productive over a long season.</p> <p>Plants need to be staked or caged.</p>	Disease Resistant	72 Days - Mid Season	Indeterminate	Yes	Heirloom
<p>JAUNE FLAMME</p>  <p>Burpee Seeds</p>	<p><i>Slicing</i> - This beautiful and especially flavorful heirloom comes to us from France. A perfect, fruity blend of sweet and tart, Jaune Flamme (or Yellow Flame in French) excels, whether dried or roasted, the slices retaining their deep orange color.</p> <p>An early producer, ample crops of apricot-colored 3-4 oz. fruits are borne on elongated trusses. Plants need to be staked or caged.</p>		70-80 Days - Mid Season	Determinate	Yes	Heirloom
<p>KELLOGG'S BREAKFAST</p>  <p>Tomato Growers Seeds</p>	<p><i>Beefsteak</i> - Lovely pale-orange color beefsteak type fruit weighing up to 1 pound. Tomatoes have very good flavor and are quite meaty with few seeds. Juice has the same bright color as orange juice and is delicious.</p> <p>Plants need to be staked or caged.</p>		80 Days - Mid Season	Indeterminate		Heirloom

<p>MARVEL STRIPE</p>  <p>Tomato Growers Seeds</p>	<p><i>Beefsteak</i> - This heirloom variety has become one of gardeners' favorite bicolored tomatoes because of its beauty, size, and taste. Large yellow-orange fruits are streaked with ruby red and have a sweet, fruity taste that is absolutely delicious.</p> <p>Tomatoes weigh about 1 lb., although they often become 2 lbs. or even more. Large harvests on vigorous vines. Plants need to be staked or caged.</p>		85 Days - Late Season	Indeterminate		Heirloom
<p>SUMMER LOVE</p>  <p>Wild Boar Farm Seeds</p>	<p><i>Beefsteak</i> - This improved Berkeley Tie-Dye produces a larger yield and ripens earlier. It has all the great colors and flavor of the original BTD. A good improvement to an excellent tomato.</p> <p>Beautiful, 16 oz. fruit, tasty and now more productive with an earlier harvest.</p> <p>Plants need to be staked or caged.</p>		75 Days - Mid Season	Indeterminate		Hybrid
	<p>Paste & Sauce Tomato Varieties</p> <p>Plant & Fruit Description</p>	<i>Disease Resistant</i>	<i>Approx. Days to Maturity</i>	<i>Determinate/Indeterminate</i>	<i>Container</i>	<i>Hybrid / Heirloom</i>
<p>BIG MAMA</p>  <p>Burpee</p>	<p><i>Sauce</i> - Mama Mia! Enormous size and flavor. The new standard in homegrown paste tomatoes. These beauties are plum-shaped, incredibly meaty, and enormous-up to 5" long and 3" across, weighing 8 to 10 ounces. Skin peels away easily after par boiling, which means less fuss, less mess and more delicious, thick, creamy sauce!</p> <p>Plants need to be staked or caged.</p>		80 Days - Mid Season	Indeterminate		Hybrid
<p>GLADIATOR</p>  <p>Burpee</p>	<p><i>Sauce</i> - Gigantic 'Gladiator' is the hands-down champion in the arena of 'Roma' tomatoes. With an unbeatable armor of vigor, flavor, aroma and yield, it bears a bounty of oval 8 oz. fruit on the patio or in a small garden. Strong roots conquer enemies such as blossom end rot.</p> <p>It has dense flesh and a tangy flavor that makes 'Gladiator' victorious for imparting rich, robust flavor to paste, sauces, soups, salsa, or ketchup.</p> <p>Plants need to be staked or caged.</p>	Disease Resistant	72 Days - Early Season	Indeterminate	Yes	Hybrid

PATIO PASTE  Burpee	<p><i>Sauce</i> - Bold, full flavor with dense flesh and few seeds. Cook's Garden Favorite. 'Patio Paste' tomatoes work magic in the kitchen: transforming sauces, stews and soups. With bold, full flavor this tomato stands out with dense flesh and few seeds. Fruit weigh 2-3 ounces. Bush makes a colorful, flavorful presence in a patio container. Plants grow larger when planted directly into the ground.</p> <p>Plants need to be staked or caged.</p>	Disease Resistant	72 Days - Mid Season	Indeterminate	Yes	Hybrid
ROMA  Tomato Fest	<p><i>Sauce</i> - The classic sauce and paste tomato. Compact plants produce 2-ounce paste-type tomatoes with meaty interiors and few seeds. Disease resistant to Verticillium and Fusarium wilts.</p> <p>GARDEN HINTS: Fertilize when first fruits form to increase yield. Water deeply once a week during very dry weather. Plants need to be staked or caged.</p>	Highly Disease Resistant	75 Days - Mid Season	Determinate	Yes	Heirloom
SUPER SAN MARZANO  Tomato Fest	<p><i>Sauce</i> - Improved variety of San Marzano tomato. A very productive, 1 x 5 inch long, red tomato that has been de-hybridized over a period of years. A great addition to tomato sauces and salsa because of its exceptional flavor.</p> <p>Plants need to be staked or caged.</p>		70 Days - Early Season	Indeterminate		Open Pollinated
	<p>Cherry Tomatoes</p> <p>Artisanal Collection</p> <p>Plant & Fruit Description</p>	<i>Disease Resistant</i>	<i>Approx. Days to Maturity</i>	<i>Determinate/Indeterminate</i>	<i>Container</i>	<i>Hybrid / Heirloom</i>
BARRY'S CRAZY CHERRY  Rare Seeds	<p><i>Cherry</i> - Pale yellow cherries are delicious, and grow on very large clusters. Sweet fruits are oval, each with a tiny "beak" at the blossom end. The flavor is good and the fruits keep well. The sight of 40 to 60-fruit trusses on one large plant is positively mind-boggling.</p> <p>Plants need to be staked or caged.</p>		75 Days - Mid Season	Determinate	Yes	Hybrid
BLACK CHERRY  Tomato Growers Seeds	<p><i>Cherry</i> - Truly black cherry with classic black tomato flavor, sweet yet rich and complex. Irresistibly delicious. This is a unique addition to the color spectrum of rainbow colored cherry tomatoes. Large vines yield productively with a very unique and delicious flavor.</p> <p>Plants need to be staked or caged.</p>		65 Days - Early Season	Indeterminate		Heirloom

<p>BLUSH</p>  <p>Johnny's Selected Seeds</p>	<p><i>Cherry</i> - Stunning "Blushed" in red and gold combine with a translucent quality to give these elongated cherries serious visual appeal! The fruits, similar in size and shape to large, long olives, score high in taste tests.</p> <p>Plants need to be staked or caged.</p>		65 Days - Early Season	Indeterminate		Open Pollinated
<p>RAPUNZEL</p>  <p>Tomato Growers Seeds</p>	<p><i>Cherry</i> - Just like its fairy tale namesake, Rapunzel puts out long, cascading trusses, each with up to 40 sweet, bright red cherry tomatoes that keep coming all summer long. The long stems are quite impressive when picked fully loaded with tomatoes, which can be enjoyed individually as they ripen.</p> <p>Plants need to be staked or caged.</p>		70 Days - Early Season	Indeterminate	Yes	Hybrid
<p>SUN GOLD</p>  <p>Tomato Growers Seeds</p>	<p><i>Cherry</i> - Very sweet, bright golden orange cherry tomatoes taste not just sugary but also fruity and delicious. Try these for a real taste treat, you won't believe you're eating tomatoes! Vigorous plants, these tall plants bear long clusters of beautiful golden fruit. The taste can't be beat.</p> <p>High resistance to fusarium wilt and tobacco mosaic virus. Plants need to be staked or caged.</p>	Highly Disease Resistant	57 Days - Early Season	Indeterminate		Hybrid
<p>SUPER SWEET 100</p>  <p>Burpee</p>	<p><i>Cherry</i> - Scarlet red, sweet cherry-sized fruits are produced on long clusters right up to frost. Fruit produces steadily throughout the growing season.</p> <p>Plant produces in a wide variety of climates, and is drought and heat tolerant. Can grow up to 10" tall.</p> <p>Plants need to be staked or caged.</p>	Disease Resistant	70 Days - Early Season	Indeterminate		Hybrid
